 - Categorize qualified countries by the FIFA continental zones

Sources & Materials

- Raise your flag song:
<https://www.youtube.com/watch?v=fSo2LI6YTwc>
- Handouts

1. Ask students which sports teams and countries they cheer for by asking the questions:

أي رياضة تحبّون؟ أي فريق تشجّعون؟ أي بلاد تشجعون؟

2. Have them share songs that they associate with a certain sporting event or event in general.

3. Teacher starts with “Before Reading” activity by showing the “Raise your flag” song. The song was not an official FIFA song, but was chosen by Coca Cola as its promotional song for the 2010 FIFA World Cup, and has versions in multiple languages. Teacher will instruct students to guess which countries are being shown. Ask in Arabic: What colors are in each flag? Share answers as a group.

To help students who are likely unfamiliar with many of the flags shown, offer them the names of 3 countries for each flag shown and have them raise their hands to guess which one it may be. After they answer, ask them in which continent the country is located. Introduce students to كأس العالم as a soccer competition taking place every 4 years in a different host country.

4. Teach students the chorus and sing it a couple of times. You can choose from the longer or shorter version as appropriate.

OR

شجع بعلمك
ده بعلمك ده بعلمك
ده بعلمك ده بعلمك

تعرف لعلمك هتلاقي حلمك
او مد ايدك شجع بعلمك
ده بعلمك ده بعلمك ده
بعلمك ده بعلمك

For singing, divide the class into different sections and have them sing the chorus when it is their turn. Students can alternate singing loudly, quietly, slowly and fast. You can choose which “team/section” sings with the most enthusiasm.

5. Move to “Start Reading 1” section. Students will read (“Reading 1”) the names of the countries in previous World Cups (2010, 2014 and 2018) and group them into the six FIFA continental zones. Inform students that North America includes the Caribbean nations and Central America, and Oceania would include Australia and New Zealand, etc. Depending on your class and their reading level and speed, you can assign them the qualifying nations from all 3 years or just one year to complete. In groups or as a class, discuss which countries qualified for the World Cup in multiple years.

6. Move to “Before Reading 2.” Based the previous section, have students guess which countries might have qualified for the 2022 World Cup or they know are among the qualified countries using the six continental zones chart.

	آسيا (5)
	إفريقيا (5)
	أوروبا (13)
	أمريكا الشمالية (وأمریکا الوسطى والكاريبي) (4)
	أمريكا الجنوبية (4)
	أوقيانوسيا (1)

7. Have students share their guesses before moving on to the “Reading 2” section.

8. In “Reading 2,” students will complete the World Cup 2022 country groups chart by reading the description of the flags for each group. Once they identify the flag for each country, they are to write it down in the “2022 World Cup Groups” chart. It is up to the teacher if they want students to read all 6 groups, or assign just a few with students forming new groups like a jigsaw to complete chart. Teacher can also choose to turn this activity into a listening and record/read each group themselves to the class.

9. Move to “Start Writing/Start Speaking.” For Groups 7/G and 8/H, assign students one group (7/G or 8/H) or flag(s) from one group as you see fit. Have them write/speak the descriptions of the flags in groups or to the class. Classmates will be listening to their classmates’ descriptions of the flags and looking at the Flags Chart to determine what is being described. Students will then complete the “2022 World Cup Groups” Handout.

المجموعة الثامنة:	
البرتغال	
غانا	
الأوروغواي	
كوريا الجنوبية	

المجموعة السابعة:	
البرازيل	
صربيا	
سويسرا	
الكاميرون	

10. Looking at the complete 2022 World Cup Groups, have students determine which team they will cheer for in each group. Share preferences as a class. Keep count of the supporters for each country and post in the classroom. As the World Cup matches happen, you can have students report who won or lost in each group. Students can cut out a flag of their favorite team and use it when you sing the opening lesson song in the future.

11. Have students return to the 2022 World Cup Continental Zone charts. Have them categorize all the countries in their respective continental groups. Discuss how many Arabic-speaking countries will participate this year.

12. Extension: If you'd like to discuss the history of Arab country participation in the World Cup, adapt some of the charts or elements of the Wikipedia entry to your classroom. You can ask students to name the countries who have qualified, who qualified first, last, the most and who made it the furthest in the games. You can also give students information about this history in English (sample article) and have them report back to the class in Arabic.

Lesson Adaptation for lower levels:

If your students do not know the colors to complete this section on flags, you can give them the completed 2022 World Cup Groups and have them complete the blank 2022 FIFA Continental Zone Chart. For an "After Reading" task, have them choose up to 4 teams they will root for in the 2022 World Cup and use "سأشجع فريق ____." Share in class and keep track of student preferences as you follow championship. They can print out/make flags of their preferred teams and use to sing opening "Raise your flag" song.

LESSON PLAN 2

TEACHER PROCEDURE

1. Teacher starts with “Before Speaking” prompt with students. It might be helpful to prepare some images of some mascots such as one of the school/district, local and national sports teams, etc. Familiarize students with the Arabic word for mascot: **تَعْوِيْذَة / تَمِيْمَة**
2. Teacher reviews with students the clothing vocabulary and colors they have previously learned. You can also do this by showing some of the images of the mascots the teacher prepared, students mentioned, or from the World Cup Mascot chart.
3. Move to “Part 1” of the “Speaking” phase. Model to students the expectations for how the WC Mascot chart should be completed by asking them how they would complete chart for Willy, the first WC mascot from 1966.

ويلي
إنجلترا
1966

Sample Responses:

ويلي يلبس / يرتدي شورت أبيض وقميص رياضي أحمر وأبيض وأزرق وحذاء رياضي أصفر. ليس عنده قبعة أو نظارات.

Other adjectives:

هو حيوان (أسد)، هو حيوان أصفر.
هو ليس عنده كرة. هو من إنجلترا

4. Move to “Part 2.” Project the WC mascot chart and give a sentence or two describing the clothing items of the mascots. You can add extra information with your description such as if they are an animal, etc. Have students name mascot based on description given. Then, have students give the descriptions and have their classmates give their guesses by naming them.

5. Move to “Part 3.” Review with students the rules of “Guess Who?” or how you want your class to play the game and keep score. Brainstorm different types of “Yes” and “No” questions they can ask. You can expand beyond the clothing such as in these examples:

- هل تلبس / ترتدي التعويذة/التميمة قُبعة؟
- هل تلبس / ترتدي التعويذة/التميمة اللون الأصفر؟
- هل التعويذة / التميمة حيوان؟
- هل التعويذة / التميمة من المكسيك؟
- هل كلمة "WD" على قميص التعويذة / التميمة؟
- هل هناك رقم على التعويذة / التميمة؟
- هل تلبس / ترتدي التعويذة / التميمة عقال؟

Project the WC Mascots Chart so students can see them all together when playing the game. If students prefer and color copies can be made, you can print the charts for them to use to mark while playing the game.

6. Move to “After Speaking Part 1.” To wrap up, have students share their favorite WC mascot and why (if they are able to). You can show the official videos featuring the 2022 Mascot: La’eeb and articles written about it.

7. Assign and then share the “After Speaking Part 2” activity.

Before Speaking

What is a mascot? What are some mascots that you are familiar with? Why do they exist and how are they usually used? Is there a mascot that you like? Why?

Speaking

As you had discussed as a class, a mascot is something that is used to represent an event or group and to bring good luck. The FIFA launched World Cup mascots in 1966 to create excitement and to advertise the competition. Mascots usually represent characteristics of the host country. Look at the mascots below from 1970 to 2022.

Part One:

With a partner, describe what each mascot is wearing including the color. Afterward, come up with any other adjective or characteristic in Arabic that you can to describe the mascot with.

Before Listening

1. Tell students you are going to مباراة كرة القدم today. Show them videos of goals (on mute) and have them brainstorm some possible cheers or reactions they can say.

Introduce the words كرة، هدف وحارس (مرمى). Write down their answers and have the class use them as they watch more goals.

2. Teach students some more chants/cheers from the vocabulary list. Watch some more video clips of goals (on mute) and have students use the new words to react. You can also show the [Khallina video](#) if you want to highlight specific cheers on list.

Before Listening 2

3. Post/hang the vocabulary around the classroom with English in the front and the Arabic on the second page (hidden/back). Have students complete Word Wall Activity Handout for the names of positions.

They must walk to the word, lift the first page to reveal the Arabic word and then go back to their desk to try to write the Arabic word down from memory.

4. Create a soccer field in the classroom by placing the names of the positions on the ground (preferably in English). In groups, assign a student a position by calling their name to it. For example, مايكل أنت قلب دفاع. The student should stand in the proper place. Repeat many times as students get more comfortable with the vocabulary. Have different students play the role of مدرب by assigning their classmates different roles.

Once students have gotten good grasp of the vocabulary, divide the class into 2 different “teams” with 2 different coaches. Give the coaches a list of the positions. The coaches will then assign positions to different classmates. The team that forms a team first (finished cards) will win.

Listening
